More Components

Set'n'Drive - Parameterising resistor for ECGs

Part no.:

47.901.3002.85

### Description

- The resistor is protected against contact already integrated into a housing and is quick and easily inserted into the terminal block of the electronic control gear. Push in - Ready.
- Information on resistance and automatic mounting with ADS systems on request.

**Short description:**

For easy insertion into LED ballast for adjusting the lout

**Product name:**

Set'n'Drive (S'n'D) parameterising resistor

**Resistor:**

1.1 kOhm

**Pkg.:**

600
